Mr. Weisberg.

I think you and I should get together because if we match up, what we each have would solve the mystery. I'm sure when you receive this call me at 214-231-9670.

P.S. Someone should do something for Bruce Nelson, People don't realize what he is doing for them. (I should say not told) He has to go to China to clean up the mess JFK made.

I believe this year being election people should be told the truth. Don't you? We need the right man and no more Cover-ups. Agree.

P.S. Send you Books - I would like them for my Collection. Thank you, if interested call me. I'm not a Crack Pot. I know what I'm talking about.
